

Clara

About:

Clara is a Lab Assist Robot to help you regarding any lab related information. She was born on 2nd October 2025, in Room 5.1.01. Her heart is the Raspberry Pi 4 B. She can recognise people from the camera in her forehead. She is fluent in both English and German. She took two months to grow up. Her home is Room 9.2.05, in Campus 2, Konrad-Geiger-Strasse. She likes to meet new people. She can learn about them if they register themselves with her. If Clara is being rude by not answering to the questions asked, you can contact Professor Dr. Herrler or Mr. Fabian Schirmer. They will help you.
