

Standard Operating Procedure (SOP_001)

Title: General Laboratory Safety

Version: 1.0

Effective Date: 2025-01-01

Purpose:

To ensure a safe working environment by outlining general safety practices applicable to all laboratory personnel.

Scope:

This SOP applies to all staff, students, and visitors who enter or work in laboratory areas.

Procedure:

1. Always wear appropriate PPE including lab coat, safety goggles, and gloves.
2. No eating, drinking, or application of cosmetics in laboratory areas.
3. Label all reagents and samples clearly with name, contents, and date.
4. Dispose of waste in designated chemical, biological, or glass bins.
5. Know the location of safety showers, eyewash stations, and fire extinguishers.
6. Report all spills, injuries, or unsafe conditions immediately to the supervisor.

Notes:

Safety is everyone's responsibility. Review this SOP quarterly.
